Donhauser was the smallest aviator in the Kaiser's army, weighing only 84 pounds, but from his own recital of his war experience, he is not the smallest in point of efficiency. He has been flying since 1914 as an observer. Last July he was promoted to pilot and his best work was a bag of twelve planes in eleven consecutive days.

Southern California?
—The Times
The Times?
—Southern California

No secret will be disclosed in stating that the LOS ANGELES TIMES has always regarded Southern California as a realm different and surpassing, and that it has been the constant aim of THE TIMES to parallel this distinction by occupying for itself a similar position among the newspapers of the United States.

One Southern California there is—incomparable because different, and different because man and destiny have lavished it with their treasures. Of peak and valley, lake and sea coast, orchard and garden, boulevard and mansion, mine and well, health and happiness, it smiles and flourishes in its abundance. And the romance of gone years, the wealth and beauty of today, but hint of the golden era now unfolding beneath the eye.

There is but one LOS ANGELES TIMES. Unique among the journals of the world, it is interwoven almost household by household into the fabric of its community. Pre-eminence may mean the mere leadership of a great newspaper, but the position of the LOS ANGELES TIMES in Southern California is that sort of supremacy which constitutes a new species. In physical volume exceeding any other newspaper in the United States, its overwhelming predominance makes it a giant among its contemporaries. If the ordinary newspaper be called a "newspaper" what name shall be given that monster encyclopedia, the SUNDAY TIMES?

There are good reasons why people move to Southern California. There are good reasons why these intelligent people subscribe to THE TIMES.

Southern California and THE TIMES. Inseparable and alike—incomparable.

SERVANT, NOT MASTER, NEED.

The Republicans Bar Three Classes for President.

Schoolmasters, Military Men, Judges Held Unfit.

Practical Man Urged for Race in Next Campaign.

WASHINGTON, Jan. 6.—Asserting that schoolmasters, professional military men and judges, are unfitted by training and habits to serve as President of the United States, the Republican Publicity Association has issued an appeal to Republicans to give immediate consideration to the type of Presidential candidate they will need in 1920.

"It will be well if we get away from the notion that a candidate should be chosen chiefly upon theory that he is a good voter, with minor consideration of the sort of record he will make when elected," says the association. "The duty resting upon Republicans is to select as their nominee the man who will probably serve the nation best, if elected, and then if their candidate be not elected, the responsibility will not be theirs. It will also be well to get away from the fallacious and misleading notion that a candidate must be selected because of geographical location. It is a government perversion for people to assume that a man is barred from the Presidency, either because he occupies an office in New York or has his habit among the growing industries of far-off Arizona.

"What this nation needs first of all, is a President who believes in the American system of government, a government divided into three branches, legislative, executive and judicial, each performing faithfully and efficiently its own duties and not attempting to dictate policies of the others. Experience has shown that waste and inefficiency result from the administrative duties by an executive who tries to run the legislative branch of the government.

"The nation needs a President who has had broad training and experience in the practical affairs of the world and of government. We have suffered irreparable injury from the halting and vacillating eccentricities of theorists, whose chief skill is in making fine phrases that mean anything or nothing as subsequent events may make expedient.

"We need a President whose associations and sympathies have been with the producers of the country, for upon the prosperity of the producers the future greatness of this nation must rest. We use the word 'producers' in the broadest sense, some consideration, but of a secondary sort, may be given to people who class themselves only as consumers.

"There are three classes of men whose training and habits of thought unfit them for the Presidency. These are schoolmasters, professional military men, and men who have served long upon the bench. Men of these classes have been removed from close relation with the world of affairs. They have become accustomed to receive obsequious obedience. They have formed the mental habits of a dictator—habits that are accentuated more than overcome by election to the Presidency. This country needs a servant, not a master, in the White House. Under our form of government the people, through their representatives in Congress, make the laws and the President is charged with the duty of executing them.

"There are plenty of men in the Republican party who have the qualifications for successful administration of the office of Chief Executive. Friendly and frank discussion will bring them to public attention."

FAIR, FROSTY WEATHER

FORECAST FOR STATE.

(BY A. P. DAY WIRE.)
SAN FRANCISCO, Jan. 6.—The cold weather throughout the State during the last few days is fast disappearing, except in the valleys, the United States Weather Bureau reported here today.

A heavy frost covered the State this morning, but no damage was reported to the Weather Bureau. Fair weather tomorrow, with a heavy frost in the morning, is the forecast.

Lower temperatures this morning were reported from various points. Paso Robles had 18 deg.; Pomona, 26; Forterville, 28; Redlands, 24; Riverside, 25; San Bernardino, 26; Santa Ana, 24; Santa Barbara, 26; Santa Rosa, 24; Stockton, 24; Red Bluff, 32; Sacramento, 26; San Jose, 28; San Francisco, 44; Fresno, 26; Los Angeles, 22; Bakersfield, 24; Chico, 26; Merced, 22, and Oroville, 28 deg.

INSTRUCTION PLANNED

FOR BRITISH SOLDIERS.

(A. P. FOREIGN CORRESPONDENCE.)
LONDON, Dec. 7.—For the British officers and men who are to be kept in the field until peace negotiations are concluded, the government is planning an Educational Service Corps to give them quick and intensive special training to fit them for civilian employment. Courses of instruction will cover industrial and commercial organization, banking, insurance and accounting. A correspondence bureau will form part of the scheme, although most of the work of instruction will be done by a staff of lecturers.

Learned the Real Value of Chamberlain's Cough Remedy.

"We first learned of the true value of Chamberlain's Cough Remedy several years ago when we lived near Clifton Hill, this State," writes Mrs. James Malone, Moberly, Mo. "At that time I had a severe cold and a most annoying cough. I got a bottle of Chamberlain's Cough Remedy, and after taking a few doses of it my cough loosened up and my lungs felt better. I used one bottle of it and by then my cold had entirely disappeared."—Advertisement.

Are You Open-Minded?

The average American is open-minded.

American business is conducted by true Americans of vision, open-minded men who believe in their country and strive to meet their country's needs. The men in the packing industry are no exception to the rule.

The business of Swift & Company has grown as the nation has progressed. Its affairs have been conducted honorably, efficiently, and economically, reducing the margin between the cost of live stock and the selling price of dressed meat, until today the profit is only a fraction of a cent a pound—too small to have any noticeable effect on prices.

The packing industry is a big, vital industry—one of the most important in the country. Do you understand it?

Swift & Company presents facts in the advertisements that appear in this paper. They are addressed to every open-minded person in the country.

The booklet of preceding chapters in this story, of the packing industry, will be mailed on request to

PLANTED MILLIONS OF FISH.
(BY A. P. DAY WIRE.)
SAN FRANCISCO, Jan. 6.—A total of 26,425,595 fish were planted in the streams of California during the season of 1918, and 25,977,420 during the season of 1917, according to the biennial report of the State Fish and Game Commission. Trout plantings amounted to a total of 25,058,580 fry.
Seventeen game sanctuaries, comprising a total of 899,180 acres, were set aside by the Legislature of 1917. This, the report points out, gives the State a total of more than 1,000,000 acres in game sanctuaries. The report says that:
"During the biennium 1797 arrests were made for violation of the game laws, 1553 convictions were obtained, and fines imposed totaled \$39,372.50."

DAVE FULTZ IS
LEAGUE LEADER.
(BY A. P. DAY WIRE.)
NEW YORK, Jan. 6.—Lieut. Dave L. Fultz, U.S.A., was unanimously elected president of the new International Baseball League at a meeting of club owners here tonight. At his own request, the term was limited to one year.
FRUSH UP AGAINST
TOUGH SLUGGER.
PELSINGER EXPECTED TO
MAKE LOCAL BOY
STEP A HIT.
Danny Frush is up against the toughest contest of his local career tonight when he will meet Harry Pelsinger in the four-round main event at Vernon. Pelsinger is the best boy of his weight around San Francisco and if Frush can take his measure he will step into the front rank of the 130-pounders on the Coast. Pelsinger and Frush have both been given to understand that tonight's winner will have two or three weeks' work cut out for him and as both boys want to keep busy they will be in there to win.
Eddie Landon, a newcomer from San Francisco, will make his first appearance in the local ring when he meets Tommy Nelson in the semi-windup. Landon is said to be something of a rough-house artist, but in Nelson he will meet a boy who can end a battle any time he lands. The fourth bout on the card should be fast and the two Young Farrell and Ted Frenchie are scheduled to clash and there is not the best of feeling between the two. Frenchie claims that Farrell ran out of a match a couple of weeks ago and Farrell has not taken kindly to the criticism.
Howard Waters has been matched with Sammy Goode and Eddie Martin will meet Paul Herman. Kid Layman and Frankie Murphy will box the curtain-raiser.
The only boys on the card, who make any pretense to cleverness are the main events, so it looks like a regular session from start to finish.
ANGELENO HIGH IN GOLF LIST.
R. J. Cash, Jr., of Los Angeles, who has been placed in sixth place in the ranking of Pacific Coast players. He is given the highest ranking of any Los Angeles player.
HANDBALL TITLE
PLAY POSTPONED.
The handball tournament for the Coast title, scheduled to come off January 12 at the Olympic Club in San Francisco has been postponed two weeks. Joe Lacey, an I.A.A.C. man, who holds the western handball championship, will meet Myron Friedenburg, the Olympic Club representative, in the final of this month in the Bay City.
The first national handball championship will be played on Saturday time around the 1st of April at the Los Angeles Athletic Club. This will be the first time the national title will be awarded, as the A.A.U. previously refused to recognize any such play.

CASH GIVEN SIXTH RANK.
Annual Golf Ratings are Announced for
the Season.
To Douglas Grant, Burlingame, falls the honor of being the ranking golfer of the Pacific Coast. The selections of the Pacific Coast Golfer reached the city today, and, as customary, following the issuance of any sort of an "all" team or a ranking of any sort, there is much conversation, some divergence of opinion and a general belief that the work was rather fairly well done.
Los Angeles breaks into the ranking when sixth place is reached, where R. J. Cash, Jr., is given the leading position for local Southern California players. Following him, in seventh place, is E. E. Armstrong, also of Los Angeles. Ninth place is given Norman Macbeth of Los Angeles, twelfth, Capt. R. E. Hunter of Midwick, and then jumps to the nineteenth ranking, where Judge William Frederickson of Los Angeles is listed.
FAN GOSSIP.
The discussion around local golf haunts is to the effect that Macbeth is entitled to a comparative higher ranking, but belief runs that the rankings are perhaps based more upon the showing in the State tournament play. While a sterling all-around player, Macbeth has not gone in for State tournament play very seriously, and has not been at his best in that event.
Of course, all such selections are based upon personal judgment, and aside from the possible exception named, the ranking appears to be fairly satisfactory and equitable, according to local opinion.
The rankings for the amateurs are as follows:
1—Douglas Grant, Burlingame.
2—E. E. Armstrong, Los Angeles.

WHEN you feel your car skid—that feeling of utter help-

No amount of human skill will then avert a crash against the

But you don't have to suffer that terrible "feeling of utter helplessness."
Appreciate now that the only thing to do is to use the dependable preventative

Weed Anti-Skid Chains
The Only Real Safeguard Against Skidding
"Safety First" means taking pre-
cautions rather than depending entire-
ly on skillful driving, and experience
teaches that Weed Chains are an
absolute necessity for the expert as
well as for the novice.
Precaution is unnecessary for
most of the skidding accidents.
When a motorist is afflicted with this
disease he usually says: "I'll wait
until tomorrow" before buying Weed
Chains; or if his car's equipment in-
cludes Chains, he doesn't think of using
them until he "feels a skid," and then,
as we said before, it's too late to do
anything except pray.
Don't suffer that agonizing anti-

attendant fear of disastrous

It all began near Eighth and Marchant streets, Wilson told Detectives Stevens and McDuff. "I was walking north when the young woman came out of the back of the store, brought the business end of the revolver close to his face. While Wilson held his hands up, she kept firing at him through his pockets and extracted the money, and then the stores from the front.

Recovering his courage, Wilson gave chase as the young woman fled. He followed her for a block or about three blocks, he said, when suddenly he became aware of a large crowd of people alongside of him, rock in hand.

"If you don't stop molesting that girl, you're going to get a hot one, man!" the man told Wilson. The woman crossed through an alley.

FOR OUR FLOOD CONTROL WORK.

Engineers List the Jobs to be Done First.

Supervisors Expected to Give Program Approval.

County has Nearly a Million Dollars to Begin On.

County Flood Control Engineer Reagan yesterday submitted to the Supervisors a list of the work which can be started in the great flood control plan. The total amount on hand to begin this work is \$560,414. The Supervisors will confer tomorrow on the list presented by Mr. Reagan, and it is expected that orders will be given to start the campaign of harnessing the flood waters. The canyon check dams named by Mr. Reagan, with the probable cost, follow:

Williams Creek, \$1100; Thompson Creek, \$1000; Live Oak Wash, \$1000; Laurel Canyon, \$2420; Nichols, \$1857; Brush, \$1425; small canyons west of Brush, \$1400; Eaton, \$1500; Rubio, \$1115; Los Flores, \$600; small canyons between Eaton and Rubio, \$625; Sawpit, \$21,400; Hook, \$1845; small canyons east of Hook, \$230; San Dimas, \$2200; Little Dalton, \$4125; small canyons above Duarte, \$1235; Bailey, \$784; small canyons above Sierra Madre, \$1345; Wilson Creek, \$6000. The total cost of this work is estimated at \$75,000.

Other work suggested, with estimated costs, includes stone levees in the vicinity of San Antonio, Claremont and Pomona, \$64,165; in the vicinity of Saugus, on Newhall Creek, \$2500; canyon east of Jati Canyon, \$158,400; channel at Compton, \$26,000; Tejonas Wash, \$1000; bridge over Verdugo Wash on Brand avenue, \$20,000; draining Nigger Slough, \$25,000; Devil's Gate Dam, \$220,000; pile work between Mission bridge and the Santa Ana and Anaheim branch of the Southern Pacific, \$100,000; pile work on River near Verdugo-Fruitland, \$60,000; Long Beach channel, \$1,173,000; Ballona and Gardena creeks, \$88,145. A chief foreman is recommended for all of the canyon work.

MANY CROWD CHURCH FOR EARL FUNERAL.

BISHOP JOHNSON OFFICIATES, ASSISTED BY DEAN OF PRO-CATHEDRAL.

Funeral services for Edwin T. Earl, founder of the Earl Fruit Company and owner and publisher of the Los Angeles Evening and Sunday Express, were conducted at 2 p.m. yesterday in St. Paul's Pro-Cathedral. The body was placed in a private vault in Rosedale Cemetery. The church was filled with men and women prominent in Los Angeles life. Mayor Woodman headed the list of honorary pallbearers. Gov. Stephens was prevented from being present by the inauguration at Sacramento.

The floral tributes filled the altar and chancel, and included a large offering of roses and carnations from the employees of the Express, as well as flowers from the newspapers, banks, stores and business, social and commercial bodies. There was a large delegation of the Episcopal service was used, with Bishop Johnson officiating, assisted by Dean McCormack of the Pro-Cathedral. The funeral procession was preceded into the church by the choir of St. Paul's, singing "Art Thou Weary?"

The members of Mr. Earl's family, including his widow and four children and his brother, Guy Earl, occupied front seats on the right side of the church.

During the service the choir sang "Lead Kindly Light" and "Nearer My God to Thee." The lower-laden market was borne to the hearse by George L. Cochran, W. H. Anderson, Dr. W. Jarvis Barlow, J. C. Drake, Dr. John R. Haynes, E. A. McNeave, H. W. Brundage and E. A. Dickson. From 2 p.m. until 3 p.m. all activities in all departments of the Express ceased, out of memory to Mr. Earl and the Los Angeles and Southern California wires of the Associated Press were also stifled during the same period.

There were a number of delegations present at the funeral, including those from the Chamber of Commerce, headed by President Mueller, from the fruit trade journals and interests of California, and from the Express, headed by James B. Bloom, managing editor.

BOOK NOT BARRED.

Work of W. E. Blackstone of This City had Same Title as One Published in Missouri.

A letter has been received by William E. Blackstone of this city, author of the book "Jesus is Coming," from the War Department at Washington explaining the barring from army camps of a book having the same title, but published by the Truth Publishing Company of Kansas City. It is stated that no objections to Mr. Blackstone's book had been made by the War Department. It was stated yesterday by Mr. Blackstone that the Kansas City publishers had agreed to change the title of their book.

FUNERAL TODAY OF RETIRED WOOL MAN.

Theodore H. Pettit died at his home, No. 2610 Mantion street, Sunday at the age of 84 years. He came to Los Angeles nine years ago after retiring from business at Fort Rock, Ark. His family was among the earliest settlers on Long Island, his father starting the first woolen mills in that part of the country. Mr. Pettit leaves a widow and two daughters. The body will be buried at 2 o'clock this afternoon in Inglewood Cemetery.

The Midwinter Number of The Times, out January 9th, 1919, will be interesting, instructive and attractive. Wait for it.

"MIDWINTER" TO BE OUT JAN. 28.

Great Special Number of "The Times" Better than Ever Before.

The annual Midwinter Number of The Times, better and more beautiful than ever before, will be published on January 28.

Hitherto it has been the custom of The Times to issue this special number on New Year's Day. War conditions, however, combined this year to cause an unavoidable delay in assembling, certain vital portions of it.

The Midwinter Number contains exactly the information you desire to send to the folks back East on every phase of life in this favored clime. It is worth waiting for.

ON TRAIL OF LOOT.

Driver of Auto in Which Alameda House Servant Left is Found in Oakland.

Word was received yesterday by the Sheriff's Office that W. H. Willett, driver of an automobile in which Alfonso Perrin, former house servant in the home of W. Sewell Alameda, rode to Oakland, has been found there. About \$25,000 worth of jewelry and \$1200 in money was stolen from the Sewell home last week. Perrin disappeared about the same time and the police are searching for him.

According to the telegram received by Deputy Sheriff Manning, Mr. Willett is aiding the Oakland police in the search for Perrin. The driver said that Perrin occupied the same room as he at Oakland, but in the middle of the night took his suit case and disappeared. Perrin was employed in the Sewell home, Deceased, until last Friday, when he disappeared. He is said to have a wife in San Francisco, and a daughter, who he was in prison once in France.

CLOAKED IN FLAMES.

Woman Burned From Head to Foot When She Reaches Above Gas Stove—May Die.

Mrs. Nellie Lou, 54 years of age, was covered with a cloak of flames, and received severe burns from head to foot that will probably result in her death, when she stood on a chair to reach the shelf above the gas stove in her apartment at No. 304 East Sixth street, yesterday afternoon. Neighbors hearing her cries rushed in, dashed water on the flames and wrapped the woman in blankets. She was taken to the Receiving Hospital by her daughter, Mrs. L. V. Davis, and given first aid treatment by Assistant Police Surgeon Goodrich, who said her chances of recovery are slight.

DEATH-TRAP TO GO.

Works Board Awards Contract for Overhead Bridge at Sherman Drive and West Boulevard.

A project started several years ago to eliminate the death-trap at Sherman drive and West boulevard by the construction of approaches and a bridge across the Pacific Electric tracks was crowned with success yesterday, when the Board of Public Works awarded M. S. Cummings the contract for the work on his bid of \$27,777. It is said that Mr. Cummings' bid is about \$8000 lower than the estimate of the City Engineer for the work, and nearly \$6000 lower than the next lowest bidder.

Damages of \$1665 were awarded by the Board of Public Works to five property owners in connection with this project. The cost of the improvement is to be paid for jointly by the city, the Pacific Electric and property owners within a specified assessment district.

CITED FOR BRAVERY.

Los Angeles Sergeant who has Been on Three Fronts Mentioned for His Prowess.

A letter mentioning casually that he had been cited "for one little piece of work," and adding that he had been on three fronts and was still "in one piece," was received yesterday from Sergeant Victor Hawtrey of Co. B, Third Hundred and Sixty-fourth Infantry, by his brother, Patrolman Francis Hawtrey.

Victor and his brother Fred, also a sergeant and in the same company, have been in France since August, 1917. Sergeant Fred Hawtrey was officially reported missing in action since September 23, 1918, but a letter written by him since that date stating that he had been wounded in action has been received by his friends.

KILLED IN ARIZONA.

Los Angeles Railroad Man Ground to Death by Wheels of Car in Switching Yard.

News was received in Los Angeles yesterday of the accidental death of F. W. Salter of this city, at Clarkdale, Ariz. His family resides here.

Mr. Salter, who was 55 years of age, and who at one time was a division superintendent of the Cotton Belt Railroad in Texas, went from this city to take a place as switchman on the Verde Tunnel and Smelter Railroad. He had been there only two days when the accident occurred which caused his death. He was caught under the wheels of a car in the switching yard.

The Citizens' National Bank has established a bond department for the accommodation of its customers. This is the second department of this character in the Far West. Through several years the bank has performed a like service, impelled thereto by the interest developed by the public in this class of investments. C. E. Woodside, one of the bond experts in the city, is in charge of the department, and John Burbaw is the bond officer. Although the division has only been in operation a short time it has already become popular with the customers of the bank, and while a large share of the business thus far has been in government bonds, the purchases of the bank will extend to many other issues. In some instances entire outputs may be absorbed and either held as permanent investment or made available for redemption in smaller blocks. Mr. Woodside is of the opinion that the bond market is destined to undergo a substantial rise, and he looks up on first-class bonds as highly desirable securities either for bank or individual. Before launching this department Mr. Woodside visited the financial centers of the East and made an exhaustive study of the situation. It is probable that other banks will follow suit and establish departments of this character.

Bayly Brothers, 502 Security Building, are offering a completely "made in Los Angeles" series of first mortgage 7 per cent notes for \$450,000 secured by city real estate and equipment of the Home Service Company. NEW YORK STOCK MARKET.

[BY A. P. NIGHT WIRE.]

NEW YORK, Jan. 6.—Pools and affiliated interests were in undisputed control of today's stock market, public or outside support falling to low ebb. Representative shares were heavy, when not altogether neglected, speculative issues comprising a large percentage of the moderate turnover.

The market's superficial character may be judged from the fact that while, distillates, tobacco, food and fertilizer issues represented the bulk of long account, while rails, shipbuilding and the more popular industrial and equipment shares registered losses of one to three points.

In substance, stocks most favored were those which have been little, if at all, affected by the transition from war to a peace basis, but which have largely benefited in the selling of the last hour, Mexican Petroleum, for example, relinquishing all but a fraction of its six-point advance.

United States Steel was under persistent pressure, losing two points and kindred issues sagged one to two points, copper and shipping also yielding as a result of selling peculiar to those stocks.

Marine preferred was heavy from the outset on cables, indicating another hitch in the transfer of the British tonnage to the United States government and the setback in metals coincided with reports of further cutting of prices. Sales amounted to 535,690 shares.

Railroad returns from Middle West terminals reported a slight falling off in tonnage from the same period a year ago, but business readjustment in that section appears to be making rapid progress.

Liberty and international bonds were steady, but other issues were inclined to ease, a noteworthy feature being the break of five and one-fourth points in Denver and Rio Grande refunding, as Treasury sales (par value), aggregated \$5,875,000. United States bonds were unchanged on call.
